

Leaptel NBN Internet Plans

Information about the Service

Service Description

Leaptel's NBN™ Internet service is delivered via the National Broadband Network (NBN™) to the network boundary point of your premises.

The NBN™ Internet service includes the following components:

- NBN™ Broadband

Availability

All NBN™ Internet plans are available at selected coverage areas and subject to infrastructure availability at customer's premises. To check for availability, please use the address checker at leaptel.com.au

Inclusions & Exclusions

Service Speed & Guarantee

Actual throughput speeds may be slower and could vary due to many factors including type/source of content being downloaded, hardware and software configuration, the number of users simultaneously using the network and performance of interconnecting infrastructure not operated by Leaptel. Devices connected by Wi-Fi may experience slower speeds than those connected by Ethernet cable.

CSG Waiver: The standard Monthly Charge and Setup pricing stated in the Information about Pricing section are based on new customers agreeing to waive the Customer Service Guarantee (CSG).

Equipment required

If you do not already have the required NBN™ equipment installed inside your home, you or an authorised person over 18 years of age will be required to be home on the day of installation for a technical visit. By completing a sign up with us you are giving your consent for NBNco to access your property and install any equipment required to connect you to the network. If we find that you will require a technical visit to perform the installation, we will advise you of the date and time after registration. NBNco retains ownership of any equipment they install during the roll out. The equipment will be maintained and serviced by NBNco.

Any cabling that is required beyond the Network Boundary is your responsibility to install and maintain.

You need an approved NBN™ compatible router to connect your devices to the Leaptel nbn™ Broadband service.

This is a summary only – the full terms and conditions for this service are available at leaptel.com.au/legal.
