

Leaptel PSTN Voice Service (Home Phone)

Information about the Service

Service Description

Leaptel's PSTN Voice Service is a voice service where the call is carried over the traditional telephone network via the copper between the customer's premises and the telephone exchange

The service is supported on:

- Anywhere a traditional PSTN voice service is available.

The service is billed monthly with call charges charged in arrears and the service rental charged in advance.

Availability

The service is available to anyone connected to a telephone exchange which supports the product.

Inclusions & Exclusions

Service Speed & Guarantee

CSG Waiver: The standard Monthly Charge and Setup pricing stated in the Information about Pricing section are based on new customers agreeing to waive the Customer Service Guarantee (CSG).

Equipment required

If you do not already have a telephonenumber installed inside your home, you or an authorised person over 18 years of age will be required to be home on the day of installation for a technical visit. If we find that you will require a technical visit to perform the installation, we will advise you of the date and time after registration. By completing a sign up with us you are giving your consent for a technician to access your property and install any equipment required to connect you to the network.

Any cabling that is required beyond the Network Boundary is your responsibility to install and maintain.

A Standard Telephone is required in order to use the phone service.

Minimum Term

Leaptel's PSTN plans are supplied on a no lock-in contract term (customers are able to terminate the service by giving 30 days' notice).
