

# Leaptel LBNCo Internet Plans

## Information about the Service

### Service Description

Leaptel's LBNCo Internet service is delivered via the LBNCo network to the network boundary point of your premises (normally a device in your garage).

The LBNCo Internet service includes the following components:

- Broadband

### Availability

All LBNCo Internet plans are available at selected coverage areas and subject to infrastructure availability at customer's premises. To check for availability, please use the address checker at [leaptel.com.au](http://leaptel.com.au)

### Inclusions & Exclusions

#### Service Speed & Guarantee

Actual throughput speeds may be slower and could vary due to many factors including type/source of content being downloaded, hardware and software configuration, the number of users simultaneously using the network and performance of interconnecting infrastructure not operated by Leaptel. Devices connected by Wi-Fi may experience slower speeds than those connected by Ethernet cable.

#### Equipment required

If you do not already have the required LBNCo equipment installed inside your home to connect to the network. LBNCo retains ownership of any equipment they install during the roll out. The equipment will be maintained and serviced by LBNCo.

If you choose to install the router for your internet in a place other than next to the NTD, you will need to organize internal wiring between the NTD and the router. Leaptel is not able to assist with this nor take responsibility for the internal wiring should it fail.

You need an approved LBNCo compatible router to connect your device to the Leaptel LBNCo Internet service.

#### Minimum Term

Leaptel's LBNCo Internet plans are supplied on either a no lock-in contract term (customers are able to terminate the service by giving 30 days' notice), or 24 month contract term (early termination fees apply). See the Minimum Total Cost applicable to each plan in the information about pricing section.

### Other Information

#### Usage Information

You can monitor your internet usage by logging into your Account online at [members.leaptel.com.au](http://members.leaptel.com.au)

**Data Limit only on 500GB Plans:** Speed is limited to 256Kbps for downloads and 64Kbps for upload once your Data Limit has been reached. Both your downloads and uploads count towards your data limit.

#### Billing

Your monthly service invoice is issued on the anniversary date of your connection going active. Your invoice is due 14 days after issue and can be paid via the payment methods on the invoice. Direct debit can be setup through our portal at [members.leaptel.com.au](http://members.leaptel.com.au). A late payment fee of \$15 will apply to invoices paid past the invoice due date.

**Change of Plan Fee (Speed):** A fee of \$30 applies to change your plan to a lower speed, there is no charge to change your plan to a higher speed. It will take up to 5 business days to change the speed of your plan once the request is processed. Speed plan changes are an ongoing change, and apply to your service for all future months unless another change of plan is submitted.

**Change of Plan Fee (Data):** There is no fee to change your data plan. Changing to a lower data plan occurs from the start of your next month. Upgrading to a higher data plan can occur at any point of your current month. It will take up to 5 business days to increase the data limit of your plan once the request is processed. Data plan changes are an ongoing change, and apply to your service for all future months unless another change of plan is submitted.

**Moving Home – No lock-in contract:** If we can provide a service at the new address, you will need to pay any relevant set up fees and connections fees required for your new address. Talk to us about what options are available to you in moving your service to your new address.

**Moving Home – 24 Month contract:** If we can provide a service to your new address we will waive the cancellation fee when you connect up at your new address on new contract. You will need to pay any relevant set up and connection fees for the new service. Talk to us about what options are available to you in moving your service to your new address. If you move house to an area we cannot provide an internet service to, you will be charged the early termination charge.

**Late payment fee:** A fee of \$15 applies to those who pay their invoice after the due date. If you find you are having issues meeting the due date on your invoice, please contact our Accounts & Billing department at least 2 days before the due date of your invoice to set up an alternative payment plan.

**LBNCo charges:** Additional once off charges may apply if your connection is the first connection at that address. If there is an applicable charge, this will be confirmed during the sign up process
