Inclusions & Exclusions

Service Description

Leaptel's Hosted PBX is a cloud based alternative to a traditional phone system. It can be used anywhere with a reliable internet connection and can be used on physical handsets, soft phones on your computer or mobile device.

The Hosted PBX service includes the following components:

- Single Phone Number (by default)
- Priority business support via dedicated business support line and email.

Our Hosted PBX services are not suitable for those looking for emergency phone connections. It will not work during a power or signal failure and it is not guaranteed to work during an emergency. If you require this sort of phone service we recommend you look at other alternatives.

Availability

Business Hosted PBX connections are available across Australia. You will need a reliable internet connection for the SIP Trunks to work.

Customer Service Guarantee

CSG Waiver: The standard Monthly Charge and Setup pricing stated in the Information about Pricing section are based on new customers agreeing to waive the Customer Service Guarantee (CSG).

Equipment required

You will require an active internet connection and either phone hand sets or soft phone applications (or a combination of both). Systems that a 4 Channels or larger will require a Session Boarder Controller (SBC). This creates a tunnel between your site and the phone system to ensure calls connect correctly. A Session Boarder Controller costs \$5 per month.

Minimum Term

Leaptel's Hosted PBX plans are supplied only on 24 month contract. Early termination will require the payout of the remaining monthly charges. Any post paid costs will also be applied.

Other Information

ABN

To be able to order a Leaptel Business plan we require you to provide your current Australian Business Number before we can connect the service

Usage Information

You can monitor your internet usage by logging into your Account online at members.leaptel.com.au

Business Hosted PBX comes with a single number included. Additional numbers can be added.

Billing

Your monthly service invoice is issued on the anniversary date of your connection going active. Your invoice is due 14 days after issue and can be paid via the payment methods on the invoice. Direct debit can be setup through our portal at members.leaptel.com.au

Late payment fee: A fee of \$15 applies to those who pay their invoice after the due date. If you find you are having issues meeting the due date on your invoice, please contact our Accounts & Billing department at least 2 days before the due date of your invoice to set up an alternative payment plan.

Direct debit dishonour fee: A \$5 dishonour fee is applicable to direct debits that are rejected by the customer's financial institution.

Customer Service Contact Details

You can contact Leaptel customer service for Support & Billing assistance via **1300 205 327** or emailing support@leaptel.com.au, or for Sales assistance via **1300 205 327** or emailing sales@leaptel.com.au or via appropriate contact form to the appropriate area at leaptel.com.au/contact.

Dispute Resolution Process

If you are dissatisfied with the outcome of your customer service request and wish to take the matter further, please follow the escalation process outlined at leaptel.com.au/complaints-escalation-process.

Telecommunications Industry Ombudsman

If you are dissatisfied with the outcome of your complaint after following the above process, you may contact the TIO (Telecommunications Industry Ombudsman) for independent mediation. The TIO can be contacted by calling **1800 062 058** or visiting the TIO website at www.tio.com.au/making-a-complaint.
