

Key Facts Sheet

Redtrain Services

The below table indicates your maximum and typical **Redtrain** plan download/upload speeds and the types of activities you can use each plan for.

Plans	Pronto	Accelerated	Full Throttle
Maximum Plan Speed (Download/Upload)	25 Mbps/ 5 Mbps	50 Mbps/ 20 Mbps	100 Mbps/ 20 Mbps
Typical Evening Speed (7pm-11pm) ¹	25 Mbps/ 4 Mbps	50 Mbps/ 16 Mbps	100 Mbps/ 16 Mbps
How many simultaneous devices/users can this speed support?	2	2+	3+
What can you do at your plan speed?			
Email & web browsing	✓	✓	✓
VoIP phone calls	✓	✓	✓
Social Media	✓	✓	✓
HD streaming	✓	✓	✓
4K streaming	✗	✓	✓
Work from home	✓	✓	✓
Online gaming	✓	✓	✓
Download and upload large files	✗	✓	✓

1. Speeds you experience may be lower and will vary throughout the day, particularly during the evening period (7pm-11pm). Actual speeds may be impacted by local area congestion, your usage and by other factors as outlined below.

Factors that can impact the performance of your connection at the premises

- Your own Wi-Fi capacity and coverage area
- Location of your router
- Internal wiring
- Network capacity and network traffic
- The website/content you're accessing and its capacity and capability
- Wired connections are more reliable than Wi-Fi for connectivity

Redtrain service during power outages

Please note that during a power outage your **Redtrain** service will not work. Your internet connection works through your router which requires power to operate. Further, **Redtrain** infrastructure in your area may also lose power which will affect your connection. If you have a phone service that runs over your **Redtrain** service, this will also not work during a power outage and you will not be able to make emergency '000' calls. You will need to use a mobile phone in these circumstances to contact emergency services.

Medical and security alarms

Leaptel does not guarantee that your medical or security alarm will work on our network. If you require priority assistance or have life critical medical equipment that requires an internet connection, we recommend that you use a provider that supports these services. You must confirm that your medical or security alarm is compatible with **Redtrain** before switching your service to Leaptel.
