

Critical Information Summary

Leaptel nbn[®] Fixed Wireless Internet Plans

Information About Pricing

This summary reflects base plan pricing and does not include any discounts or promotions that may apply.

Prices are subject to change.

Members Plans ¹	Fixed Wireless Plus Unlimited	Fixed Wireless Fast ² Unlimited	Fixed Wireless Superfast ² Unlimited
Minimum/Maximum Monthly Charge ³	\$87.00	\$96.00	\$108.00
Monthly Data Allowance	Unlimited	Unlimited	Unlimited
Download Speed	75-100Mbps	200-250Mbps	300-400Mbps
Upload Speed	8-20Mbps	8-20Mbps	10-40Mbps

1. Leaptel Members Plans are restricted to services with specific circumstances; such as discounted plan pricing for long-term customers. Members Plans are not available to new customers, are not available by plan change, and cannot be returned to once your service has been changed to a new plan.
2. Only available at eligible **nbn**[®] locations.
3. Minimum/Maximum charge is for your monthly internet charge. It does not include any additional fees for non-payment of your monthly invoice outlined in the Billing section below.

Once Off Fees	No lock-in contract
Setup Fee	\$0.00
nbn [®] New Development Charge	Additional once off \$300.00 charge, payable on signup. Applies if your premises is identified by nbn [®] as being within the site boundary of a new development. For further information please refer to: nbnco.com.au/develop-or-plan-with-the-nbn/new-developments/government-policy-for-new-developments
nbn [®] Subsequent Installation Charge	Installation of additional concurrent connections to the nbn [®] network may incur a subsequent installation charge of \$300.
Router	Router options available vary by service technology and plan, refer to Hardware CIS for pricing and details.
Early Termination Charge	Not applicable.

Inclusions & Exclusions

Service Description

Leaptel's **nbn**® Internet service is delivered via the National Broadband Network (**nbn**®) to the network boundary point of your premises.

The **nbn**® Internet service includes the following components:

- **nbn**® Fixed Wireless Broadband

Availability

All **nbn**® Internet plans are available at selected coverage areas and are subject to infrastructure availability at your premises. The above plans are only available on the **nbn**® Fixed Wireless network. To check for availability, please use the address checker at leaptel.com.au.

Fast & Superfast plans: Our high speed **nbn**® Fixed Wireless plans are only available in locations with towers that have been upgraded by **nbn**® and may require an upgrade of the WNTD installed at your premises.

Minimum Term

Leaptel's **nbn**® Internet plans are supplied on a no lock-in contract term (service automatically rolls over unless cancelled before the roll over date). See the Minimum Total Cost applicable to each plan in the Information About Pricing section.

Pro-rata credits are applied upon request following the first month. No pro-rata credits will be provided for the first month. Any post paid costs will also be applied.

Service Speed & Guarantee

Actual throughput speeds may be slower than the listed plan speed and could vary due to many factors including type/source of content being downloaded, hardware and software configuration, the number of users simultaneously using the network and performance of interconnecting infrastructure not operated by Leaptel. Devices connected by Wi-Fi or by Powerline Adaptors may experience slower speeds than those connected by Ethernet cable.

Fixed Wireless limitations: Speed and capacity on the **nbn**® Fixed Wireless network can be impacted and affected by a variety of factors including but not limited to:

- The **nbn**® WNTD version installed at your property
- Upgrade status of the **nbn**® Fixed Wireless tower
- Other **nbn**® Fixed Wireless network or hardware limitations
- Obstructions to the **nbn**® Fixed Wireless antenna's line of sight
- Congestion on the **nbn**® Fixed Wireless tower
- Signal strength to the **nbn**® Fixed Wireless tower
- Signal interference in your local area

Equipment Required

If you do not already have the required **nbn**® equipment installed inside your home, you will be required to be home on the day of installation for a technician visit. If we find that you will require a technician visit to perform the installation, we will advise you of the date and time after completing a signup. **nbn**® retains ownership of any equipment they install. Equipment installed by **nbn**® will be maintained and serviced by **nbn**®.

If you install the router for your internet in a place other than next to the WNTD, you will need to organise internal wiring between the WNTD and the router. Leaptel is not able to assist with this nor take responsibility for the internal wiring should it fail.

You need an approved **nbn**® compatible router to connect your devices to the Leaptel **nbn**® Broadband service.

Other Information

Usage Information

You can monitor your internet usage by logging into your Members Portal account online at members.leaptel.com.au.

Customer Service Contact Details

If you have any queries about your service or account please contact Leaptel's Australian based customer service team via leaptel.com.au/contact-us.

Dispute Resolution Process

If you are dissatisfied with the outcome of your customer service request and wish to take the matter further, please follow the escalation process outlined at leaptel.com.au/complaints-escalation-process.

Telecommunications Industry Ombudsman

If you are dissatisfied with the outcome of your complaint after following the above process, you may contact the TIO (Telecommunications Industry Ombudsman) for independent mediation. The TIO can be contacted by calling 1800 062 058 or by visiting the TIO website at tio.com.au/complaints.

Broadband Education Package

To better understand broadband technologies and the factors that can influence the performance of your broadband service, you can visit the Communications Alliance Broadband Education Package website at commsalliance.com.au/BEP.

Billing

Your monthly service invoice is issued on the anniversary date of your connection going active. Your invoice is due 14 days after issue and can be paid via the payment methods on the invoice. Direct debit can be setup through the Members Portal at members.leaptel.com.au.

Change of Plan Fee: There is no fee to change your plan speed. It will take up to 5 business days to change the speed of your plan once the request is processed. Plan speed changes are an ongoing change and apply to your service for all future months unless another change of plan is submitted.

Moving Address: Service options at the new address are subject to availability. All relevant set up and connection fees apply. Request a move of address for your service by completing the form at members.leaptel.com.au/moving-home.

Late Payment Fee: A \$15 fee will be applied when an invoice is not paid by the due date. If you find you are having issues meeting the due date on your invoice, please contact our Accounts & Billing department at least 2 days before the due date of your invoice to set up an alternative payment plan.

Direct Debit Dishonour Fee: A \$5 fee will be applied if a direct debit payment is rejected by your financial institution.

nbn® charges: See Once Off Fees table for **nbn**® charges that may apply.

This documentation is a summary only. Full Terms & Conditions of this service are available on the Leaptel website.
